Dear Customers:

*We are closed on weekends due to family obligations. It became obvious to us early on that we were losing revenue by opening the café on Saturdays and being unavailable for family gatherings and/or catering. This seems simple and beyond compare.*

*It is very important to us to spend quality time with family and that is very difficult with busy schedules and daily chores during the week so we look forward to our free weekends to get together with loved ones and enjoy good times together. Family is so very important especially when it comes to our children. We are out of town at Make's (Marr's son) BMX races 25 weekends a year. He chooses to compete and we always choose to support him*

*So we do what we have to in order to keep Make's Café open in Fresno's tough market.*

*We hope you understand and will continue to let us serve you the best we can. Thanks.*
